T. CURRIER CRAIG, Auditor.

February 22, 1901.

## REPORT OF THE Trustees of the Public Library.

---

To the Citizens of Franconia:

It is again the pleasing duty of the undersigned to call the attention of our citizens to our library—its growth and its needs. We have now on our shelves 2,014 volumes, exclusive of pamphlets. By reason of the appropriation voted at the last annual meeting and the generous gifts received from individuals, we have been able to add to our number during the year 333 new books. This, we believe, to be the largest accession made in any one year since the library was opened. In addition to the appropriation made by the town we are pleased to acknowledge the following gifts: From the Hon. Charles H. Greenleaf, \$100.00; from Henry W. Noyes, Esq., \$25.00; from the guests of the Franconia Inn, 30 very choice volumes; from Mrs. Satchell, one volume, and other gifts amounting to \$20.00.

We have instructed the librarian to extend to these generous donors every privilege and courtesy of the library, and, in particular, to the guests and proprietor of the Franconia Inn, whose valuable gift of last year, together with the one just acknowledged, places the trustees and patrons under deep and lasting obligation.

The number of books loaned during the year is 3,616, classified as follows: Fiction, 3,380; history, 44; travel, 51; biography, 27, and miscellaneous works, 114. The number of books loaned during the year ending Feb. 1, 1900, was 2,811, an increase last year over the previous one of 805.

It will be seen from the above that our library is growing in every proper sense—in the number of books, in its patronage, that its friends are increasing in town and out of town. In no year has it received such valuable gifts. The trustees are pleased to state here that at their annual inspection of the library they received the impression that the books generally have

been handled with care, and are in as good condition as could reasonably be expected. They desire also to make grateful acknowledgement of the very efficient and faithful services of the librarian.

The needs of the library are imperative. First, it needs, and must have, a larger and more commodious room. All the books that can possibly be spared, even temporarily, from circulation have been packed away to make room for new ones. A large number of these books are upon the floor and must receive more or less injury. We have 100 new books not yet unpacked, because we have no place for them other than the floor. It is hoped that the voters will take this matter in hand and give the trustees such specific instructions that they shall be able to provide suitable accommodations without needless delay.

It is desirable, also, that a catalogue be prepared and printed early the coming season. The books have increased about 50 per cent. since the last catalogue was issued, which fact renders the old one practically of no value. We suggest, therefore, that a suitable sum be appropriated for this purpose. We further recommend that the sum of \$100.00 be appropriated for the purchase of books, and \$75.00 for the services of the librarian.

All of which is very respectfully submitted,

HENRY H. CLARK,  
W. F. PARKER,

Trustees.
